Sir:

**INFORMATION DISCLOSURE STATEMENT UNDER 37 C.F.R. § 1.97(b)**

Pursuant to 37 C.F.R. §§ 1.56 and 1.97(b), Applicant brings to the attention of the Examiner the documents listed on the attached PTO/SB/08 form. To the knowledge of the undersigned, this Information Disclosure Statement is being filed before the mailing date of a first Office Action on the merits for the above-referenced application.

Applicant attaches copies of the listed documents. Applicant respectfully requests that the Examiner consider the listed documents and indicate their consideration by making appropriate notations on the attached form.

The Korean patent application publications listed in this Information Disclosure Statement were first cited in the Notice Requesting Submission of Opinion ("Notice") mailed on March 29, 2006, from the Korean Patent Office in a corresponding Korean Patent Application, and this Information Disclosure Statement is being filed within three

months of the mailing date of that communication. A copy of the Notice is also attached. Japanese patent application publications corresponding to the Korean patent application publications are also included.

In lieu of a statement of relevance or translation of the non-English document, an English language version of the Notice is also attached. A copy of the Notification is also enclosed for the Examiner's convenience. Applicant does not necessarily endorse the conclusions set forth in the Notice.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that the listed documents are material or constitute "prior art." If the Examiner applies any or all the documents as prior art against any claim in the application and Applicant determines that the cited documents do not constitute "prior art" under United States law, Applicant reserves the right to present to the Office the relevant facts and law regarding the appropriate status of the documents.

Applicant further reserves the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should the documents be applied against the claims of the present application.

If there is any fee due in connection with the filing of this Statement, please charge the fee to our Deposit Account No. 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,  
GARRETT & DUNNER, L.L.P.
